

Patterson River SC is not holding a second-hand book sale for 2022. This is due to publishers supplying a high number of new editions in 2022 and an increasing number of parents who are sourcing second-hand books through alternative sources such as online buy/swap/sell groups.

We have created this list so that families can determine whether or not they might be able to source a second-hand book rather than purchase a new copy. Please be aware that in addition to the hardcopy book, most texts now come with a digital copy and resources. Reactivation requirements for different publishers can be found on the last page of this document. Please refer to the ISBN number in the tables to ensure you are purchasing the correct book.
